

Gulet KAPTAN YILMAZ - Aeolian Islands and Sicilian coast 2021

Boarding in Milazzo at 18.00 / landing in Milazzo at 09.00 am

Saturday : Milazzo

Boarding at 18:00

Accommodation on board, Welcome cocktail, Briefing about information and security, departure to the island of Vulcano, the navigation will occur along the eastern shore of Cape Milazzo characterized by fishing villages and medieval “buildings”, surpassing the cape, we will face the channel between Sicily and the Aeolian Islands, at this juncture, you can admire the first sunset of the week, just around Filicudi and Alicudi.

Our anchor point will be in front of an unmistakable shore of volcanic origin with black sand, near the beach of Gelso. For the more impatient it is possible to do the first dive, plunging into the blue sea illuminated by underwater lights installed to this purpose.

Sunday: Lipari

09:30 Sailing to the mountains of pumice (Lipari) the bathroom stop will be characterized by crystal clear waters, it seems to be in a Caribbean beach.

After lunch we will go to the port of Lipari and here there is a not organized dinner.

We recommend to you a particular restaurant “Home restaurant” with a terrace on the sea in the island’s old town, open only by appointment.

Monday: Filicudi

Departure at 09:30 towards the rocks, with a stop for lunch bathroom break. In the afternoon, after lunch, we will sail to the island of Filicudi, one of the most pristine islands, thanks to this little island lighting you can observe many constellations. Stop overnight near the village of Pecorini A Mare and overnight.

Tuesday: Alicudi

Starting at 09:30 am, we will sail to the rock of the barrel and the Bue Marino cave, after lunch we will move to the island less visited, where in winter there are about 30 people. Dinner and overnight on board.

Wednesday: Cefalù

Departure at 07:00 am, to Cefalù (5hrs) Free tour to explore the medieval beauties, free dinner.

Thursday: Tindari

Departure at 07:00 am (7 hours) to the characteristics sand tongue. According to the legend it was born to save a child fell from the overhanging rock. In this way were also created two freshwater ponds.

Friday: Milazzo

Departure at 09:30 towards Cape Milazzo, stopping in the Bay of S. Antonino, coastal navigation with a stop at the lakes of Tindari. Lunch. After lunch navigation to Cape Milazzo. Entrance in port at 18:45.

Saturday

Breakfast and disembarkation 09.00.

End of services.
